

Dear guests,

Welcome to the Alte Münze – a place steeped in history, character, and passion for what we love most: good food, genuine hospitality, and shared moments.

Our cuisine combines the best of the region with artisanal finesse and refined ideas. Each plate tells a story about our homeland – sometimes classic, sometimes surprising, but always cooked with heart.

We invite you to take your time: to enjoy, to arrive, to pause.

We are delighted that you are sharing this evening with us.

Sincerely,

The Prien family with Hannes Horsch & Niklas Kronjäger

Traces of time - stories of the Alte Münze

"A house with a soul, built in the 15th century – and still a place of connection today."

"Time lives within ancient walls,
yet its heart beats in the present."

Our Luther Kemenate today

"Every piece of wood, every
stone tells of hands that built
with love."

"I stood here already when people
still came down Marktstraße by
horse and cart."
